

Celebrating talents of children

SOME NEED SPECIAL OPPORTUNITIES AND SOME HAVE SPECIAL NEEDS

Synergy Heart and Soul Organisation hosted an art competition for children with special needs and those seeking opportunities to showcase their talents on October 1, 2023, to mark World's Children and Adults Day. Three-hundred-and-twenty-two children registered, 67 children with special needs demonstrated exceptional

determination and artistic prowess. The event highlighted the importance of providing a platform for these children to express themselves and showcased the boundless potential in every child. The event served as a reminder to support initiatives which empower children with special needs and create a more inclusive future.
